## ELKS SMOKER AT THE HOME TONIGHT

Tonopah lodge of Elks will entertain the registrants of the order with a smoker given this evening at the clubrooms where an excellent entertainment will be provided. The occasion will also furnish an opportunity for the members to take leave of Lowell Daniels, the active secretary who has been constantly at his post for five years. All resident and visiting members are urged to attend.

## CARDINAL'S OPINION OF AMERICAN BOYS

ROME, Sept. 24.—I have a noteworthy letter which I will give in full:

"Esteemed Sir: With your courteous letters of Aug. 2 and 3 you ask me to give my impressions of the American troops from the United States at the memorable review held by his majesty, the king of Italy, here at Villafranca on August 1.

"Being a churchman, I am not qualified to pass judgment on arms and armies, therefore the excellent opinion I formed is not authoritative. "However, I am happy to be able to add that all the men of the sword or cloth who on that day graced the royal stand showed and expressed the happiest impression, and made the most favorable predictions for the young American army, after having admired its appearance, its marching, its discipline and its equipment.

"With the most fervent prayers for the future of these rugged and brave soldiers, I pay you my respects.

"Your most devoted,  
"BARTHOLOMEW.  
"Cardinal Baclieri,  
"Bishop."

The impression or opinion of the venerable old man who directs the destinies of the diocese of Verona in this grave hour for the whole of the Venetian province, for our country and convulsed Europe, was the same as that of all the others who crowded around the king to honor the young Americans who had come to fight on the sanguinary battle fields of Europe.

## SALVATION ARMY DRIVE DOES WELL

The Salvation Army drive to raise the apportionment of \$9000 from Nevada is fast drawing to a close with the assurance that the amount will be more than subscribed. Reports from counties state that \$5100 has been raised to date and that before the end of the week the total will be exceeded. There is not a single county or community which has completed the work without going over the sum assigned to its share. The Nye county allotment has been over-subscribed \$750 and Manhattan went \$60 better than what the state council of defense asked it to do.

## TWO TOWNS AT IRISH NAVAL BASE

By Associated Press.  
AN IRISH PORT, Sept. 24.—The naval aviation station at one of the destroyer bases in Ireland is locally known both as "Timber-town" and "Tin-town." It is located on the site of some old British barracks. The British had used metal sheets in constructing their buildings and the Americans, who disliked metal structures, dubbed the place "Tin-town." When the American wooden buildings began to appear the British retaliated by calling it "Timber-town" and both names have clung and become known to the extent of superseding the name of the village near which the plant is located. The "town" is one of the busiest centers of activity in Ireland now that the increased ocean tonnage is making possible a regular shipment of airplanes. Here the machines are being assembled.

Considerable work was necessary to lay out the station. A part of the hill that slopes down to the water had to be cut away to make room for some of the hangars and everything excepting a power plant, had to be constructed or installed. A power plant that had been used by the British is now doing duty. Virtually all the material had to be brought from the United States and the officers had to contend with labor insufficient in quantity and quality.

## CLOTHING FOR THE BELGIAN PEOPLE

Have you a garment hanging in your closet that is no longer of any use to you? Then take it down to the headquarters of the Belgian relief commission next door to Harry Grier's office where it will be gratefully received for overseas service in the great task of keeping the Belgian nation warm and alive through the coming winter. Only warm, dark colored, serviceable garments are wanted. They need not be mended but should be clean.

The work of making this great collection is being done by the Red Cross for the Belgian relief commission, of which Herbert Hoover is the head in America. Nye county's quota is one and one-half tons. If you have anything to give do not delay as the drive closes on Saturday of this week.

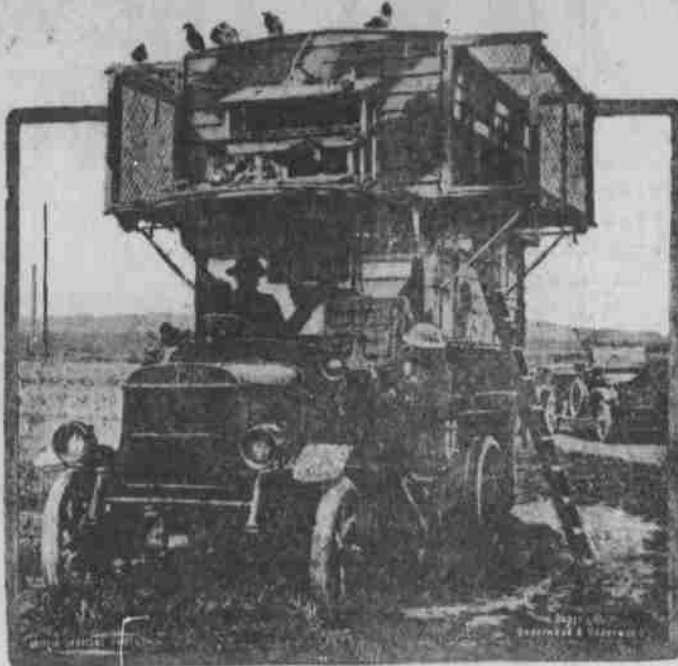

## EQUINOCTIAL DAY DUE TOMORROW

Tomorrow is the day of the autumnal equinox when the country is usually visited by fierce storms but, for this locality, there is no indication of trouble. This morning the thermometer began to rise and a further improvement is promised for Wednesday. One year ago, Mount Jefferson, 50 miles north, was covered with snow and there was a light rain in Tonopah. The lowest reading on record was 31 on September 30, 1913, and yesterday the lowest was 35. On September 4, 1912, the minimum was 35 which lasted four hours, causing a heavy frost down in the valley where the Victor ranch is located. The cold lasted from 4 to 8 a. m. and ranks as the first heavy frost on record.

SILVER HOARDING IN IRELAND  
(By Associated Press)  
DUBLIN, Sept. 24.—While the police were searching the houses of prominent Sinn Feiners in Cachereen for arms they seized \$69 in silver hoarded in James O'Shea's house, £67 in Mary Bride Mahoney's house, and £76 in gold and silver in the same house, but belonging to Mortimer O'Connell.

The first result of this agreement Huckleberry pickers of the Lehigh field took off their hats to Mrs. John Zello of Jeannette, Pa., when she gathered fifty-nine quarts in a single day and carried the fruit to market, a distance of six miles from the mountains.

## ARMY PIGEONS GOING TO FRONT

Carrier pigeons are a valuable factor in the operation of all the allies, never failing to carry a message safely and quickly from the front unless actually killed by shell fire.

They are used at the most critical stages of battles, when all wire communication has been stopped and the barrage is too thick for runners. Here is shown a motor-transport formerly a London bus, leading up with carriers to go to the British front. The casualties among the birds average 2 per cent. They are wounded by enemy shells, attacked by hawks, and suffer from gas. They live in gas-proof baskets and when gassed are treated at a hospital. There is also a prison cot for captured enemy birds. A very tiny share of your Fourth Liberty Loan subscription will go to the pigeon service, but none will be more efficiently spent.

## MIDWAY STRIKE IS FONG HONG GIVEN HOLDING UP WELL A ROYAL SEND OFF

Manager Douglas is almost convinced that the recent strike on the Midway is going to bring returns to the treasury of that company which has been sweetened by the addition of \$6000. During the month of September there were two shipments. The first of \$2 tons realized \$50.20 and the last shipment of fifty-five tons ran at the rate of \$72. The drifts are holding strong and the mine is looking especially good in the western drift where a raise has been sent up in ore.

## AFTER PINE NUTTING INDIANS REGISTER BURNING LOAD OF OIL SAVED BY THE DRIVER

Sheriff Thomas has returned from a searching trip through the southern end of the county where he went to look up a band of Indians who were reported as refusing to register for the draft. Some delay was experienced in finding the recalcitrants who were not disposed to be ugly and perfectly willing to comply with the law when it was explained to them. All the Indians of that district were absent in the mountains pine nutting and it required some sleuthing to trail them to their habits. The men were perfectly amenable but it was disclosed that certain parties who are well known had been poisoning the minds of the redmen by filling them with pro-German propaganda.

## STOCKING STREAMS WITH BABY TROUT

Eight cans of trout arrived this morning from the government hatchery for transfer to the mountain streams of Nye county. Cook Dieringer took out three cans to Stewart and Clear Creeks, tributaries of Reese river and W. H. Collins started out with three cans consigned to George Dugan for distribution in the streams leading into Hot Creek. John Nay took out one can and Bill Evans was instructed to take the other to a place designated by Chairman Davis.

## TUSCARORA PIONEER DEAD

Mike Spath, an old and well known Tuscarora resident, is dead. He was a native of Alsace-Lorraine and fought in the Franco-Prussian war in 1870. At the close of the war when Germany demanded the citizens of Alsace-Lorraine to swear allegiance to Germany, Mr. Spath renounced his citizenship in that country and came direct to this country, stopping at Carlin. In 1871 he went to Tuscarora where he has been a resident ever since. The deceased was about 67 years of age. He was a victim of cancer.

Mr. Spath was a former mining partner of Jake Eggers and the two were associated in a number of mining ventures in Elko and Humboldt counties.

## AMUSEMENTS

## SPECIAL ATTRACTION AT BUTLER WEDNESDAY

John Barrymore, as "Raffles," the amateur crackman, the most popular of all stage stars, will be seen in this great detective drama that has thrilled his way to every corner of the universe, today, at the Butler theater. The action in "Raffles" starts on board a steamship, where posing as a count, "Raffles" gains the information through a Mrs. Vidal, with whom he is carrying on a flirtation, that a priceless ruby is in the possession of a certain crook on the boat. "Raffles" cleverly steals the jewel, jumps overboard and swims ashore, but is seen by Mrs. Vidal. He next appears in London with access into the most exclusive circles. He steals for the love of stealing and the excitement of the chase, but never from the poor. At a house party of Lady Amerleth, where "Raffles" is a guest, a diamond necklace is stolen. Mrs. Vidal arrives at the house party and recognizes "Raffles," but keeps silent as she is in love with him. Finally, when she finds that his love is given elsewhere she seeks revenge by imparting her knowledge to Captain Bedford, a famous detective. The rest of the story revolves around "Raffles" clever illusion of the detective and the subsequent getaway, after returning the jewels. "Raffles" is one of the best known novels ever written, and the picture surpasses the book. Come early and enjoy an excellent entertainment. Remember, the show now starts at 7 o'clock sharp. Pathe News will also be shown.

Tomorrow, beautiful Norma Talma in "The Ghosts of Yesterday" Friday, the irresistible Douglas Fairbanks.

Beginning soon there will be a show every day at the Butler.
